Show Grounds

At

Deerfield, Illinois

You will be welcome at any time to see our complete line of Tulips and nursery stock and the way here is shown on the following map.

WHEN TULIPS BLOOM

If you will come to our trial grounds you will find more than 300 special varieties in bloom, from which you can make your own selection. The beauty of these grounds at this time will more than repay the trip in the pleasure the riot of color brings. Even tho you are not planning a bulb garden. For one who wishes to plant the best way to make selection is from the blooming beds, then you get the color tones you would like in your own garden.

PEONY TIME

Will find another entertaining time to visit our grounds and see the thousands of peony blooms—Drop us a card and we will notify you when the Tulips or Peonies are at their best.

OUR LANDSCAPE DEPARTMENT

Franken Bros. now operate a Landscape department and in our nurseries we have a very complete line of Hardy Perennials, Iris, Phlox, Shrubs, Vines, Evergreens etc.

TERMS

The prices in this catalog are for bulbs and plants properly packed and delivered to the express or freight office in Deerfield, free of all charges. Express or freight charges for transportation from Deerfield must, however, be paid by the purchaser.

It is our custom to ship our goods by express, as we find the service more satisfactory, and as a rule, cheaper, owing to the size and weight of the package. If any customer prefers the Parcel Post, we will forward small packages in this manner, provided sufficient postage is remitted with the order. Any excess will be returned.

We guarantee our bulbs and plants to be true to name, healthy and in sound condition and strictly first class. We will not, however, be responsible for the failure of any to grow or thrive, as such failure may result from causes wholly beyond our control, such as improper treatment, unfavorable weather, soil or climate. Should any difficulty arise through any fault or mistake of our own, we will gladly rectify it. If the purchaser does not accept the goods on these terms, they are at once to be returned, and any money that has been paid for same will be refunded.

FRANKEN BROS. MASTER LIST OF TULIPS

FRANKEN BROS. MASTER LIST OF TULIPS

In order for those of our customers who are not able to call at our trial ground during the blooming season of tulips, we have prepared a list taken from several hundred orders received during the flowering season at our display grounds.

We separated each sale and credited each of over three hundred and fifty varieties of tulips according to the number of sales, also the number sold, and the results from this process of accounting is our Master List.

Therefore we believe when we title this as a Master List not as one man selection but the results of decisions of several hundred people, it will stand up to your entire satisfaction and we believe when you make a selection from Franken Bros. Master List you will be just one more of the flock of our satisfied customers.

REDS

Murillo. B-2-6. Delicate rose pink, flushed white; good sized flower. Fine for bedding, and the easiest forcer of all double tulips. Height 11 in. Price, 60c per doz.; \$4.00 per 100; \$38.00 per 1000.

Imperator Rubrum. B-2-11. Glowing scarlet, one of the older double scarlets, which holds its own wonderfully well among the many newer varieties. Still used in greater quantities than any other red. When forcing this one and any other double scarlet we advise to let the flower come slowly at first to prevent it from getting green tip. Price, 70c per doz.; \$5.40 per 100; \$52.00 per 1000.

YELLOWS

El Toreador. Bright orange scarlet broadly margined buff yellow; large, fine for beds or forcing. Height 12 in. Price, \$1.20 per doz.; \$9.00 per 100.

Couronne D'Or. B-2-9. Deep yellow, flushed orange red; large flower. A splendid bedding tulip and a good forcer. Height 11 in. Price, 65c per doz.; \$5.40 per 100; \$44.00 per 1000.

Mystery of India. Terracotta with bronze and rose. A very double tulip of tremendous size carried on a strong tall stem. Its color is hard to describe, and changes to a darker shade when forced. Very beautiful. Price, \$1.60 per doz.; \$12.00 per 100.

BOTANICALS

Kaufmaniana. One of the most beautiful of all tulips, large creamy flower, brilliantly marked with carmine, yellow center. Flower opens flat and is carried on a stem usually less than a foot in height. Blooms early in April out of doors and is delightful for forcing. The bulbs should be planted at least 6 inches deep. Plant large masses of these under trees of evergreens. Price, \$2.40 per doz.; \$18.00 per 100.

Viridiflora Praecox. B-2-16. Pale green, edged with creamy yellow; large, fine, open flower with pointed petals. Very nice to put with yellow or pink tulips. Height 20 in. Price, \$2.40 per doz.; \$18.00 per 100.

Von Sion. (Double). Deep yellow. Similar in type to trumpet Narcissi but with a double trumpet. Market price.

PAPER WHITE GRANDIFLORA AMERICAN GROWN

In recent years the method of growing these Narcissi Bulbs in bowls with pebbles and water has become very popular.

It appeals especially to the ladies as a means of beautifying the home, in addition to being a charming and fascinating pastime, the interest of watching the gradual development of these bulbs from the first green shoot to the flowering stage, more than compensates the care and attention devoted to them.

FRANKEN BROS., INC.

Place these bulbs in a low dish, covering to about one-third their height in clear water. Pebbles may be used to hold them firmly in place.

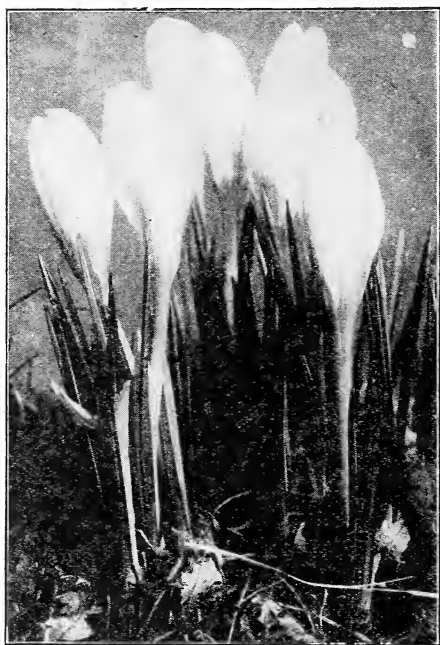

Unlike all other bulbs, these bulbs can be planted at intervals successfully during a period of five months, and should be planted indoors only. **Paperwhite Grandiflorus.** Extra selected. Subject to Market.

Grand Soliel d'Or. (The Yellow Paperwhite). Subject to Market.

MINIATURE OR DUTCH ROMAN HYACINTHS

The elegance of these lovely flowers for growing in the house is now more appreciated than formerly. Their bells are a little smaller and arranged more loosely on the spike than those of the Standard Hyacinths. They may be planted quite closely together and will make a splendid display. In this size we have the following single varieties only. Price \$1.10 per dozen; \$8.00 per 100.

Gertrude. Dark pink.

Gigantea. Blush pink.

Moreno. Lively pink.

Grandeur a Merveille. Blush-white.

La Grandesse. Pure white.

L'Innocence. Pure white.

Grand Maitre. Deep lavender blue.

King of the Blues. Dark blue.

Queen of the Blues. Light blue.

FRENCH ROMAN HYACINTHS

These early-flowering hyacinths are not hardy, but are particularly valuable for forcing for early winter bloom. A single bulb produces from three to five graceful, slender spikes, splendid for cutting and agreeably fragrant. White, extra selected, per dozen \$2.00, per hundred \$15.00.

PEONIES

THEIR SUCCESS AND BEAUTY

Peonies are without question the king of flowers for the garden. Peonies are a plant that is in a class by itself. They are absolutely hardy, last for years, when once established will produce from a dozen to several dozen mammoth large flowers every year.

I believe Peonies are the most dependable of all flowers when once established. Peonies grow on stems about two feet long which make them very desirable for cutting. They keep several days. Peonies have branched out into several classes. They are the extremely early *Officinalis* varieties, the medium early mid-season and late, Singles and Japs.

Considering all the types, shapes, colors and so forth, the single and Jap are far the most interesting. No one can really appreciate Peonies until they really become acquainted with them. Once you learn their exquisite beauty and become a Peony enthusiast, you will begin to really enjoy and see the real value in these truly beautiful flowers. Words cannot express nor can the artist with his color and paints do them justice.

Therefore the only real way to become acquainted with Peonies, is to see them, inhale their fragrance, and be among them. When you add Peonies to your garden you invite yourself, your friends to a flower show all of your own. You will visit it daily for a period of about a month. Can you imagine what a pleasure that means to the real garden lover, with every plant a success, as Peonies are the most dependable of all flowering plants, everything taken into consideration. Of our entire field of Peonies you can scarcely find a plant that yields less than eight or ten blossoms after the second year.

We cultivate our plants thoroughly and consistently at all times, and aside from that they need very little attention. Our stock of Peonies comprises about forty or fifty varieties, which include all seasons, colors, Japs and Singles. We invite you to call and see our field of Peonies during their blooming season this year.

PEONY SPECIAL

We are for the benefit of our customers, making up a small Special List of Peonies this season, which includes a variety of colors and seasons, at a very reasonable price, and believe you will make no mistake in starting your order for Peonies with this selection.

As it is our custom to make up our selection of best sellers we know you will be more than pleased with it.

This very beautiful selection of Peonies can be had at the following low prices: Single, \$3.25; Large, \$5.00; Clumps, \$7.00.

As there has been a great deal of difference of opinion as to the best size Peonies to sell and plant, this subject was voted upon by the members of the Commercial Peonies & Iris Growers of America and they have adopted a 2-3 eye division as the proper size plant.

But as our trade has been accustomed to receiving from us large size clumps and in order to meet any obstacle that may arise, we will list three sizes of plants. Our standard size will be a 2-3 eye division; 4-6 eye division will be our extra size and 8-12 eye undivided plants, our field clumps.

Peonies for years have been one of our outstanding crops. We will have over fifty thousand plants ready for fall delivery.

Plan to make a visit and see our Peonies when in flower this season.

Twelve will be 10 times the each price, and 6 at dozen rate.

Besides this list we have several varieties in trial beds but not enough to list in a general way.

S. indicates Standard Size; L. indicates Large Size; C. indicates Clumps.

Letter following name of Peonies indicates season: E. for Early, M. for Midseason, L. for Late.
